Keep up-to-date!

Much of student ministry is about communication. The most effective way for you to stay informed is for you and your student to be as involved as possible. Constantly ask your student what's going, if something isn't clear, text or call Joshua at 405.414.4822 and clear up any questions you have. Come to ALL the parent meetings for detailed info, resources, and to find out how to get involved. Another way to stay up-to-date is to get text updates sent directly to your phone! Add class @wilmon to the Remind app or text @wilmon to the number 81010.
