

BAPTIST MESSENGER CHANGES

The BGCO is changing the way it shares news. **The Baptist Messenger is changing to a semi-monthly edition and will not include Wilmont's newsletter (wrapper) beginning January 2019.** Our staff has been preparing for the changes from the BGCO and will begin to implement our church's weekly communication strategy in the following ways:

1. Wilmont's newsletter (wrapper) will be discontinued from the BGCO Baptist Messenger beginning October 1, 2018.
2. To continue receiving church updates including announcements, financial information, SS attendance, and more, you need to register to receive our email newsletter by signing up at www.wilmontplace.com/newsletter.
3. If you want to keep receiving the weekly BGCO Baptist Messenger without the Wilmont wrapper through December of this year, please let us know by requesting a continued subscription at www.wilmontplace.com/newsletter. Subscriptions to the paper Baptist Messenger beginning January 2019 can be requested through the BGCO. We will update our website as more information is made available from the BGCO.

This change benefits our church in several areas:

1. Prepares our church to continue alignment with the BGCO and its communication strategy.
2. Saves Wilmont over \$5,000 annually by moving to electronic communication.
3. Saves Wilmont more than 7 hours of staff time in publications and communication.

If you have any questions, please contact Sherry Louthan by email at sherry@wilmontplace.com or by phone 405.634.0440.
